

# Summer 2018

## Adult art glass summer camp

### Welcome to Glasstronomy Studios' summer program

Enrich your glass knowledge and experience with this season's exploration of dimension, structure, technique, and transformation.

“Creativity is intelligence having fun.” Albert Einstein

**G**lasstronomy Studios' 2018 summer program offers three weekday camps that cover two and three consecutive days.

Glasstronomy Studios hosts workshops for glass enthusiasts with varying levels of experience. Our camp calendar includes something for everyone. Most of our memberships levels qualify for discounts on our camps.

Each camp has a unique number assigned to it that also indicates the level of experience required. Please consider these designations when you register:

- G** – general — all levels welcome
- I** – intermediate level — must know how to safely handle standard glass tools
- A** – advanced level — must have participated in a Studio intermediate level fusing workshop or course

**Note:** Unless otherwise specified, all materials and firings are included in the listed fees. Studio tools will be provided for participants' use but must be returned to the instructor at the end of each day of their camp.

Upon payment and registration HST will be added to the listed fee.

Nutritious lunches are included in the fee for all the camps. Please specify any food allergies when you register.

#### **For more information**

Glasstronomy Studios  
2600 John St., Unit 108  
Markham ON L3R 3W3

**t** 905.415.9777 or toll free: 1.855.415.9777  
**e** [edu@glasstronomystudios.ca](mailto:edu@glasstronomystudios.ca)  
**w** [www.glasstronomystudios.ca](http://www.glasstronomystudios.ca)

Add a splash of colour and function to your vertical outdoor spaces. Whether on your fence, your garden shed, or outside wall, this whimsical, steel-framed, tea-light bearing wall sculpture is your summer fused glass showstopper. **Show it off at your summer gatherings!**

## A419

### Advanced fused glass wall sculpture: Fence floral

Date: Tuesday, July 10, to  
Thursday, July 12, 2018 (three-day)

Time: 10 am–4 pm

Fee: \$595 + HST + 3.5 sq. ft. of 96 COE fusing sheet glass

*Registration is limited to six people*

Using 96 COE fusing glass, durafibre, and accessories, participants will create three, 6-inch by 24-inch textured panels, wired leaves, and butterflies in a 30-inch by 30-inch mirror backed, wall mounted sculpture.

Vitrigraph use and multi-layered firing will also be covered.

**What is included?** Lunch daily, glass base and glass accessories, mirror, high-fire wire, all firings, and custom iron sculpture frame are included.

**What is *not* included?** Participants will need to bring or purchase 96 COE sheet glass for the flowers and leaves, approximately 3.5 square feet. Bring your own dichroic glass if you choose to add some bling.

## I389

### Stained glass: Freestyle lamp shade

Date: Tuesday, July 17, to  
Thursday, July 19, 2018 (three-day)  
Time: 10 am–4 pm  
Fee: \$295 + HST + base

*Registration is limited to six people*

Learn how to freestyle your stained glass leftovers into beautiful shades that will catch the eye all year round.

Participants will learn how to create their own three-dimensional lamp forms while using our stained glass treasures to create the shape of shade they choose. Fabulous and functional options include a 10-inch by 4-inch **cylinder**, 4-inch by 10-inch four-sided **cuboid**, or a 6 to 8-inch diameter **globe**.

Participants will learn how to apply glass to an irregular form, bridge solder, and add lighting to their finished pieces.

**What is included?** Lunch daily, all glass, chemicals, one roll of copper foil, and 1 lb. of solder are included.

**What is *not* included?** Base and light bulb are not included.

*Base pricing options:*

Mini cast iron base  
Fee: \$56–\$64 + HST

Hanging light kit  
Fee: \$50 + HST

Cylinder table stand  
Fee: \$15 + HST

## G225

### Fusing fun: Fused glass landscape

Date: Wednesday, July 25, and  
Thursday, July 26, 2018 (two-day)  
Time: 10 am–4 pm  
Fee: \$350 + HST

*Registration is limited to six people*

Explore the various ways glass powder and frit can be pre-fired and then layered to create various stunning fused glass landscapes. Using 96 COE glass, frit, and powder, participants will create frittage, glass impasto, vitrigrph and many more landscape elements. Once fired, the one-of-a-kind materials will create an 8-inch x 10-inch fused glass landscape displaying both depth and texture in its 11-inch x 16-inch black frame.

*Beginners are welcome.*

**What is included?** Lunch daily, all materials, kiln firings, and frame are included.

*Participants: S. Van Mastbergen (2016) | J. Marman (2016)*

## This season's projects

Whether exploring a new technique, refreshing skills, or sampling the wonders of glass, this year's summer program offers something for everyone, whatever your aesthetic.

These sculptural, architectural, and pictorial projects each have opportunities for you to express your own creative sensibilities, whether contemporary, traditional, or somewhere in between.

Learn best practices in a safe and relaxing environment with hands on instruction, enjoy restorative lunches with fellow participants, and come away with a unique piece of glass art you will be proud to say, "I did it myself!"

Get ready to explore glass in a new and fun way. Now is the time to get creative! **What are *you* waiting for!**
