

2016 | Issue 1

### Happy New Year!

2016 is off to a great start. From what you have shared with us, many of you are starting on stained glass panels and lamps, are having fun experimenting with fused glass, and are just excited to be doing something creative during our lovely Canadian winter. A warm welcome to those of you who are getting hands on with glass for the first time and to those of you who have come back to the craft.

### Beat the February blahs

Whether sampling a new product or creating a project among friends and fellow glass enthusiasts, there are plenty of ways to explore your glass passion.

### Get twisted with 96 COE canes

- 9-piece variety pack (9-inch long twisted canes, each a different colour)
- Rainbow, singles (18-inch long twisted cane)
- Vanilla cream reactive/turquoise, singles (18-inch long twisted cane)

### New Spectrum Fusers' Reserve

This unusual combination of white, teal, grape, and pink swirl is in stock in limited quantities.

## Upcoming workshops

### Feeling some love? Spread it around!

These workshop projects are sure to put a smile on the face of those near and dear to you. Want to initiate them into glass fusing? G187 is the perfect project to introduce someone to glass in a fun and safe way.
