

Summer 2022  
Adult art glass  
summer camp

Welcome to Glasstronomy Studios' summer program. Enrich your glass knowledge and experience with this season's tribute to the great outdoors exploring micro and macro natural forms, vibrant hues, and the unexpected.

New to stained and fused glass? Make a play date and join us for a half day camp special. Bring a friend or family member and enjoy stained and fused glass in our spacious, fully-equipped, air conditioned studio.

### G272 | Fusing fun: Combed critters

**Date:** Thursday, July 7, and Friday, July 8, 2022

**Time:** 10 am to 12 pm

**Fee:** \$125 + HST/person OR \$225 + HST/couple \* (includes all materials and project firings)

\* Members' discount not applicable on couple offering.

**Hot glass, shiny glass, creepy crawly glass!** What is hot glass and how can you turn it into unique swirls and curls? Find out during two mornings of "glass wow" while creating three fanciful hot and fused glass critters. On the first morning, participants will experience glass casting, fibre mold making and glass combing in the mini kilns. Day two, return to cold work and embellish your wee beasts with dichroic "bling" wings. Once fired, add an earth magnet or key chain and your new "pets" are ready to play!

*All materials and project firings included.*

*Beginners are welcome.*

### G273 | Stained glass fun: Butterfly plant stix

**Date:** Thursday, July 7, and Friday, July 8, 2022

**Time:** 1 to 4 pm

**Fee:** \$125 + HST/person OR \$225 + HST/couple \* (includes glass and materials) + electroplating fee

\* Members' discount not applicable on couple offering.

**Embellish your planters, summer bouquets or gardenscapes with shiny splashes of colour in flight.** Using stained glass and metal, participants will learn how to cut and shape glass, apply hobby came and wire and mount it all on a rod to be plated and displayed. Participants will make up to three stix.

*All glass and materials included.*

*\$25/stix plating fee payable to instructor at the end of the workshop.*

*Beginners are welcome.*

## B230 | Introduction to stained glass

**Date:** Thursday, July 7, and Friday, July 8, 2022

**Time:** 7 to 10 pm

**Fee:** \$125 + HST/person OR \$225 + HST/couple \* (includes glass and materials)

\* Members' discount not applicable on couple offering.

**Welcome to the wonderful world of glass!** In this intense two-evening crash course, participants will be taught studio safety, glass cutting and shaping, copper foil technique and soldering. Participants will create a stained glass suncatcher to take home and enjoy.

*All glass and materials included.*

## Featured camp

### A430 | Advanced fusing: Floral garden sculpture

**Date:** Tuesday, July 12, Wednesday, July 13, Thursday, July 14, and Friday, July 15, 2022

**Time:** 10 am to 4 pm

**Fee:** \$630 + HST (includes all mold making material, glass accessories, project firings, metal armature, and lunch daily) + 5 sq. ft. of 96 COE sheet glass OR optional glass package

*Optional glass package as pictured: \$115 + HST*

*Registration is limited to six people*

**This is the camp we have all been waiting for!** Finally we can come together again in studio for both Glasstronomy and Gastronomy! Over four-days of multi technique driven glass fusing, participants will create a tri-stemmed, six-foot tall, glass and metal sculpture. This towering array of colour will add life to those bushy corners in your mature garden or stand as a grand display of form and flow in any space, indoors and out. During this glass sculpture course, participants will create reusable fibre molds, cast organic forms using Cast-a-lot, as well as explore Glassline "Zentangles", and glass drilling. Let's not forget about the daily gourmet lunches!

*All mold making material, glass accessories, project firings, metal armature, and lunch daily included.*

*Five square feet of 96 COE sheet glass is required.*

*Optional glass package is available (as pictured).*

This summer we are hosting four camps. Three cover two consecutive days, with morning, afternoon, and evening sessions. Our featured camp covers four consecutive all-day sessions.

Each camp has a unique number assigned to it that also indicates the level of experience required. Please consider these designations when you register:

G – general — all levels welcome

B – beginner level — no glass cutting experience required

A – advanced level — must have participated in a studio intermediate level fusing workshop or course

**Note:** Unless otherwise specified, all materials and firings are included in the listed fees. Studio tools will be provided for participants' use but must be returned to the instructor at the end of each day of their camp.

Upon payment and registration HST will be added to the listed fee.

Nutritious lunches are included in the fee for camp A430. Please specify any food allergies when you register.
